

Janitized®

PREMIUM QUALITY FILTRATION FOR COMMERCIAL CLEANING

Replacement Vacuum Bags & Filters Catalog

www.janitized.com

When you purchase Janitized® products you get premium quality filtration and peace of mind.

Blue Ribbon Warranty

In the event that an OEM manufacturer does not honor its warranty when using **Janitized®** brand replacement bags and/or filters, APC provides a product warranty that meets or exceeds the OEM warranty.

Visit www.Janitized.com for warranty details.

Gold Seal Warranty

In the event that we are unable to ship your order complete by the requested ship date, **Janitized®** will add one free case of the back order. APC reserves the right to ship from more than one warehouse to complete your order.

Visit www.Janitized.com for warranty details.

Cert. Reg.#460430 QM08

For complete distribution terms, please call **1-888-689-1235** or email us at **customerservice@janitized.com**

Check out our complete line of premium commercial filters at www.janitized.com including:

Janitized[®] Compostable

Another Industry First!

Made from 100% Renewable Resources.

The industry's first certified and approved compostable vacuum cleaner filter bags validated by Underwriters Laboratories (UL). All products and packaging materials are made from 100% renewable resources designed to be recycled and/or biodegrade when aerobically composted reducing the amount of valuable resources entering our landfills to meet Federal Trade Commission (FTC) Green Guidelines.

Janitized[®] is committed to making a difference towards improving our global environment.

Industrial & Commercial Sweepers / Scrubbers Filters

Janitized[®] offers two filter media options to cover most applications and operating conditions:

1. Cellulose filters for dry cleaning applications
2. Washable Spunbond filters for wet or dry applications

The Janitized[®] filter frame construction is made up of four (4) piece rigid 24 gauge electro-galvanized steel frame, designed to prevent flexing and premature corrosion. Additional stiffeners are added to handle the sweepers automatic vibration cleaning systems.

Janitized[®] panel filters provide increased filtration & longer filter life, reducing equipment downtime, filter waste disposal and maintenance costs.

Janitized®

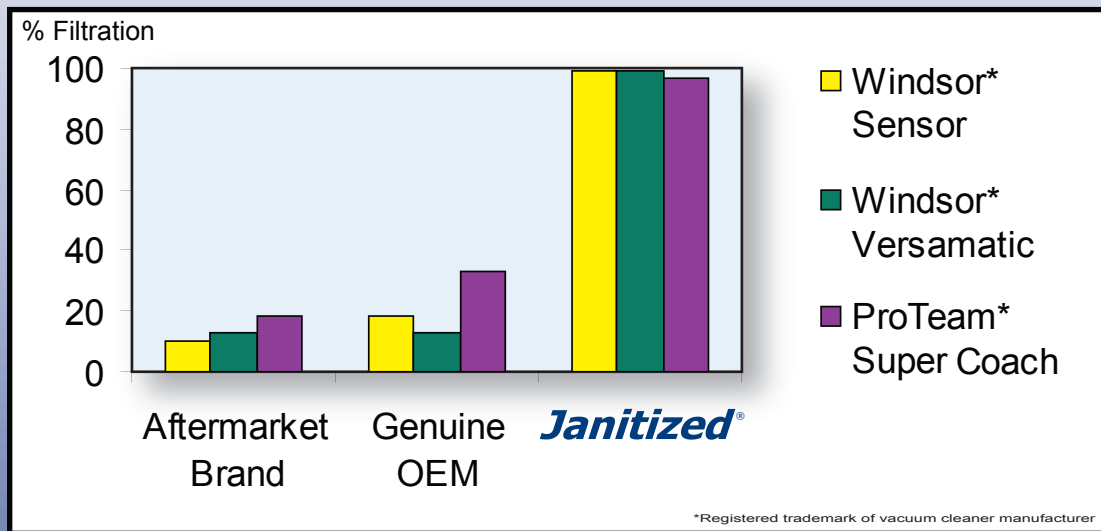

PREMIUM QUALITY FILTRATION FOR COMMERCIAL CLEANING

Up to 99% micro-filtration at 0.3 micron*.

Up to 40% increased airflow.

Up to 55% increased filter area.

46% Stronger than Genuine OEM Bags.

***Results of Fractional Efficiency Testing conducted by an independent laboratory @ 0.3 micron @ 26.5 fpm.**
