

Formulating for a clean future.

Green Logic™ Stainless Steel Cleaner

This new, innovative product from Core makes cleaning metal finishes easy. With a biodegradable surfactant blend, mineral oil and emulsifiers, the surface is cleaned and protected against fingerprints and smudges.

- Unique, Safe Formula
- Cleans & Protects
- Biodegradable
- Non-Toxic
- Ready to Use
- Non-aerosol
- Streak free
- EPA DfE & NSF Programs
- Recyclable Bottle
- Made in the USA

Use on

- Kitchen Surfaces
- Refrigerators
- Stoves
- Ovens
- Elevators
- Pantry
- Shelving
- BBQ Grills

Even makes old appliances look new again!

The Green Logic™ brand symbolizes Core Product Co., Inc.'s commitment to green cleaning solutions. At Core, we are formulating for our future by transforming the cleaning industry with innovative, green cleaning solutions.

Green Logic™ Stainless Steel Cleaner

The **Green Logic™ Stainless Steel Cleaner** is a ready-to-use metal polish that can be used on virtually all metals. Sizes available: 32 oz. & 2 oz. Reorder #GLSS-32

Directions for Use:

1. Shake well.
2. All spills or soil particles should be wiped away.
3. Spray evenly on surface, as needed. Wipe with dry cloth, preferably microfiber.
4. Protective coating preserves shine.

Contains: Water, biodegradable surfactant blend, mineral oil and emulsifiers.

Stainless steel is known for its ability to resist corrosion and rust. Dirt, dust and grime put stainless steel at a greater risk for corrosion. Proper cleaning will extend the life of the surface.

Although simple soap and water can be used, a common problem resulting from this cleaning method is water spots. Glass cleaners may remove fingerprints, but the best way to preserve the beauty of stainless steel is to use a product specifically made for it.

If there is scratching or if polish is needed, a stainless steel cleaner such as Green Logic Stainless Steel Cleaner will minimize the appearance of scratches, protect against more scratches and removes stains as it polishes the surface. Always wipe any substance applied to stainless steel completely off with a dry cloth or microfiber towel.

Health: 1
Flammability: 0
Reactivity: 0
Special: 0

pH: 7.8-8.2

Caution: Keep out of reach of children

Be aware that intentional misuse of product can cause eye and skin irritation. In case of eye contact, flush with water for 15 minutes. In case of skin contact, wash with soap and water. If irritation persists, seek medical attention. Do not ingest!

If ingested, drink large quantities of water and seek medical attention.

RECYCLE!

Please support recycling! This bottle may be refillable from our larger gallon containers. Before disposing, check with local, state and federal regulations for compliance.
