

Workplace Safety & Consistent Results

How do these challenges impact your business?

As a foodservice professional, your time is short and often hectic. You wear several hats—you schedule staff, train employees, and provide customer service—all while staying in compliance with quality and safety standards. Don't limit your staff's effectiveness with outdated equipment and methods.

It's time to meet the following challenges with confidence.

- Poor productivity and mishaps
- Lack of consistent results
- Rising labor costs
- Dispensing equipment failure
- Weak product performance

Let Stearns simplify the cleaning process and exceed your expectations with the next generation of *Dispenser-Free Control Systems* - **One Packs™ Foodservice Sanitation System**. You will find benefits you can believe in.

- Productive workers
- Consistent results
- Easily-trained workers
- Better bottom line
- Low startup costs

Go Dispenser-Free Now!

Get your staff started right with the Stearns **One Packs™ Foodservice Sanitation System**. Switching your operation over to One Packs™ couldn't be easier: there is no costly equipment, special training, or fixed water hook-ups required. The simplicity, standardization, and performance make the Stearns System the easiest program on the market to introduce into your facility.

Take the next step. Contact a qualified Stearns representative today, and get started!

Eliminate trouble-prone dispensing machines. Just add one color-coded pack to water, and that's it for predictable, consistent results.

One Packs™ Foodservice Sanitation System

Simplify training for maximum effectiveness.

Whether you operate a quick service restaurant, full service restaurant, convenience store, cafeteria, or catering business, Stearns offers you the simplicity and results you expect. The Stearns **One Packs™ Foodservice Sanitation System** provides you with six ideal One Packs™ products to streamline the kitchen and dining area cleaning process. The system delivers the enhanced training, portion control, and color-coded accessories you need to succeed. Find value with the simplicity, standardization, and performance of One Packs™.

SPRAY-AND-WIPE CLEANER

Extra-Strength Cleaner

For all-purpose cleaning of equipment, walls, doors, and floors (vinyl, quarry, and ceramic tile).

DISINFECTANT

Mark 11- Disinfectant/Cleaner/Sanitizer

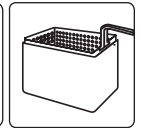

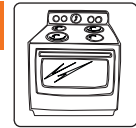

For spray cleaning and disinfecting non-food contact surfaces such as washroom fixtures, toilet bowls, stainless steel, mirrors, phones, and garbage cans.

OVEN AND FRYER

Multi-Scrub

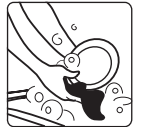

For heavy-duty degreasing of quarry tile floors, equipment, ovens, hoods, deep fat fryers, etc.

DISHWASHING

Pot 'N' Pan Cleaner

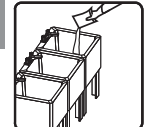

For hand dishwashing pots, pans, glasses, dishes, and utensils.

SANITIZER

Steramine®

For sanitizing pots, pans, glasses, dishes, and utensils. For spray sanitizing food contact surfaces such as countertops. For soaking wiping cloths.

FLOOR CARE

Bio-Active Plus

For use on quarry tile, ceramic tile, concrete, brick, and vinyl floors. Improves slip-resistance by eliminating greasy build-up.

One Packs™ Foodservice Sanitation Products

Customize a program to fit your needs.

The Stearns **One Packs™ Foodservice Sanitation System Product Guide** helps you choose the ideal product for your application. Simply choose your cleaning application, and then choose the cleaner for the job. Additional product information is available at www.stearnspkg.com.

SPRAY-AND-WIPE CLEANERS

All-Purpose and Degreasers

Extra-Strength Cleaner ONE PACKS

Heavy-duty, all-purpose cleaner and degreaser. Non-flammable, non-corrosive, non-toxic, and biodegradable. Removes oils, dirt, grease, grime, tar, rubber marks, ink, coffee, and blood.

#708 - 84 x 1 wt. oz. per case. One pack per load.

 NSF Certified Category Code - A1

Manual Dishwashing

Pot 'N' Pan Cleaner ONE PACKS

Thick, long-lasting suds. Easy on the hands. Removes grease and cooked-on foods from dishes, pots, pans, utensils, flatware, and foodservice equipment.

#754 - 100 x 1.5 fl. oz. per case. One pack makes 7.5 gallons.

#781 - 72 x 2 fl. oz. per case. One pack makes 10-12 gallons.

#782 - 36 x 4 fl. oz. per case. One pack makes 20-25 gallons.

Use with #9782 pre-printed bottle with spout cap.

 NSF Certified Category Code - A1

SANITIZERS

Sanitergent™ Cleaner/Sanitizer ONE PACKS

Cleans and sanitizes in one procedure. For use on hard (nonporous) surfaces or on dishes, glasses, food processing equipment, or utensils. Effective on table tops, tanks, vats, floors, walls, dishes, glasses, and milkshake and soft serve machines.

#762 - 50 x 1.0 wt. oz. per case. One pack per 2-1/2 gallons of water.

EPA Reg. No. 10634-27-3640

 NSF Certification Pending

Sink Sanitizer ONE PACKS

Add 1 ounce per 10 gallons of water to prepare final rinse (100 ppm active chlorine) to sanitize utensils, dishes, and glasses.

#761 - 100 x 1.0 wt. oz. per case. One pack per 10 gallons of water.

EPA Reg. No. 10634-19-3640

 NSF Certification Pending

Steramine® ONE PACKS

Sanitizer, disinfectant, and deodorizer. A quaternary-based formulation for use in hospitals, institutions, food production, foodservice, kitchens, and bars. At 1 ounce per 4 gallons of water (200 ppm), Steramine sanitizing solution is effective against E. coli O157:H7.

#722 - 144 x 1 fl. oz. per case. One pack makes 4 gallons for sanitizing.

#723 - 72 x 2 fl. oz. per case. One pack makes 8 gallons for sanitizing.

#718 - 36 x 4 fl. oz. per case. One pack makes 16 gallons for sanitizing or 64 ounce stock solution.

Use with #9959 pre-printed spray bottles, #9956 stock solution bottle, and #9961 Sanitizer/Disinfectant bucket.

EPA Reg. No. 10324-63-3640.

FLOOR CARE

All-Purpose and Degreasers

Bio-Active Plus ONE PACKS

No rinse formula. Perfect for institutional kitchens, restaurants, food processing plants, schools, and businesses. Enzyme-fortified to remove grease, waste, and odors from floors, surfaces, and drains. Use to mop around urinals and toilets, locker rooms, dumpsters - wherever persistent odors are a problem.

#822 - 72 x 2.5 fl. oz. per case. One pack makes 2 gallons for mopping or 1 quart for spray cleaning.

TreadMate® Quarry Tile Cleaner ONE PACKS

Professional strength for safety and performance. Low-level hydrochloric acid powers out greasy soil without slippery alkaline residue. Penetrates deep into tile cracks and grout lines. Use on quarry tile, ceramic tile, concrete, brick, and vinyl floors.

#706 - 60 x 2 fl. oz. per case. One pack makes 4 gallons.

Encapsulating Carpet Cleaner

FiberNu Encapsulating Low-Foaming Carpet Cleaner ONE PACKS

Powerful crystallization technology removes greasy dirt from carpets and eliminates rapid resoiling. FiberNu's encapsulating action traps dirt and expedites drying time. Carpeted areas can now be cleaned with minimal inconvenience for occupants. Keeps carpets looking fresh longer, with no sticky residue.

#860 - 72 x 2 fl. oz. per case. One pack makes 1 gallon.

#861 - 36 x 4 fl. oz. per case. One pack makes 2 gallons.

GRILL CLEANER

GrillMate™ ONE PACKS

Glycerin-based grill or griddle cleaner for use in institutions and commercial kitchens. Fast acting formula easily removes grease and build-up. Non-flammable and safe to use on hot surfaces — no need to shut down the grill.

#786 - 48 x 3 fl. oz. per case. One pack per grill.

 US EPA/DFE Recognized for Safer Chemistry

COFFEE CLEANER

Coffee Cleaner ONE PACKS

Granular concentrate removes coffee stains and build-up from coffee makers and coffee pots. Ideal for hotel guestroom or convenience store coffee makers and coffee pots. After cleaning hotel in-room coffee pots, sanitize with Steramine #718 and the #9956 Stock Solution bottle.

#808 - 100 x 0.25 wt. oz. per case. One pack per coffee pot.

WINDOWS & STAINLESS STEEL

Window Cleaner &

Stainless Steel Cleaner ONE PACKS

Concentrated glass cleaner that leaves surfaces free of streaks, soils, smudges, and grease. Use on glass, mirrors, stainless steel, chrome, porcelain, and lightly soiled surfaces.

#719 - 48 x 2 fl. oz. per case. One pack makes 1 quart.

Use with #9920 pre-printed spray bottles.

 NSF Certified Category Code - C2

BAR-MASTER® PROGRAM

High Suds Bar Glass Cleaner Bar-Master®

Specifically formulated to clean glassware. For use with manual brushes and when washing glasses by hand.

#765 - 100 x 0.5 wt. oz. per case. One pack makes 3 gallons.

#855 - 2 x 4 lbs. per case. 1/2 scoop makes 3 gallons.

Low Suds Bar Glass Cleaner Bar-Master®

Minimal sudsing with excellent rinsing ability. For use with electric brushes.

#766 - 100 x 0.5 wt. oz. per case. One pack makes 3 gallons.

#856 - 2 x 4 lbs. per case. 1/2 scoop makes 3 gallons.

Powdered D-Lime-X Bar-Master®

Conditions hard water to prevent water spots on glassware and utensils. Add to the first and last sinks for more effective cleaning and sanitizing.

#768 - 100 x 0.5 wt. oz. per case. One pack makes 6 gallons.

Steramine® Sanitizer Bar-Master®

Sanitizes glassware and utensils. No potable rinse is allowed after sanitizing. Air dry only.

#767 - 100 x 0.75 fl. oz. per case. One pack makes 3 gallons.

EPA Reg. No. 10324-63-3640

DRAIN TREATMENTS

Enzymes

Bio-Active Grease Trap Maintainer ONE PACKS

A blend of bacterial strains and a multiple enzyme system which rids grease traps and plumbing of grease and waste. Mixes with water in a 5-gallon pail for metered application.

#739 - 6 x 15 fl. oz. per case. One pack makes 5 gallons of solution.

Flowtron Enzyme Drain Treatment ONE PACKS

Powdered enzyme treatment for maintaining or unclogging drains and grease traps. Dissolves concealed waste matter and allows nature to purify the entire drain system.

#731 - 72 x 1 wt. oz. per case. One pack per drain.

KITS

Bug Blitzer® Window Wash Kit WATER FLAKES

Window cleaning has never been easier. For years, Bug Blitzer® has been used to remove bugs and grime from car and truck windshields. Now, the same proven formula is available for cleaning windows, glass, mirrors, and stainless steel within your facility.

#904 - Makes 300 quarts of ready-to-use cleaner.

10 Measures of Success with Stearns

1. **No Waste** – Premeasured One Packs™, Water Flakes®, and Quik Tank make perfect solutions without over-mixing.
2. **Save Money** – Pay for cleaning strength, not water or expensive dilution-control equipment.
3. **Easy Training** – No special instructions, just add one color-coded pack to water and that's it.
4. **Less Storage** – Store concentrated packs, not gallon containers or drums.
5. **Inventory Control** – Packs are easily counted for inventory and budgeting.
6. **No Special Equipment** – Eliminate complicated, trouble-prone dispensing machines.
7. **Product Selection** – More than 60 products for the most complete premeasured line in the industry.
8. **Mix-and-Match Systems** – Build your own systems for unique cleaning applications and facility requirements.
9. **Color Coding** – Makes proper identification and staff training easier.
10. **Low Entry Cost** – No costly set-up or capital investment means you can get started right away!

Beyond the Kitchen

Environmentally preferred solutions for the entire facility.

Food service doesn't stop at the kitchen door, and neither does your cleaning program. Your customers notice the appearance and cleanliness of the restrooms, the dining area, and the entrance. Many will consider more than just the quality of food when making their next dining decision.

Stearns offers a system to complement our foodservice program—a system to clean your entire facility. Developed with products that are environmentally preferred, the **GS 5-Point Green Cleaning System** provides you with five ideal One Packs™ products to efficiently complete daily cleaning tasks for your whole facility, including restrooms. Now available in a green cleaning starter kit for your convenience!

Each kit includes: 10 packs each of ST-851E GS Restroom & Bowl Cleaner Concentrate, ST-840E GS Window Cleaner Concentrate, ST-853E GS Extra-Strength Cleaner Concentrate, ST-740E Mark 11 Disinfectant Cleaner, and 30 packs of ST-846E GS Neutral Cleaner Concentrate. Kit also includes 4 silk-screened bottles, sprayers, MSDSs, GS 5-Point Training and Safety Guide, pack openers, and a mixing hose.

Use with #9950 pre-printed spray bottles.

EPA Reg. No. 10324-120-3640

Water Flakes®

Quick and simple water-soluble packets.

To complement our innovative One Packs™ premeasured system for liquids, Stearns has developed the revolutionary Water Flakes® water-soluble packets for powder concentrates.

Water Flakes® are exact portions of powdered cleaning concentrates, packaged in a water-soluble film that dissolves quickly in water. Just toss one into water, and you have the perfect-strength solution in seconds – without measuring, pouring, or even opening any packages.

Water Flakes® are available in 10 different formulations. Six are recognized for safer chemistry by the US Environmental Protection Agency's Design for the Environment Formulator Program. Contact your Stearns representative for information on the entire Water Flakes® line.

Recognized for Safer Chemistry

Complement your foodservice program with these Water Flakes® products: Pot & Pan Detergent, White Wings® Ultra Laundry Detergent, and Bowl Cleaner.
