

DISINFECTANTS AND SANITIZERS

THE ATHEA® ADVANTAGE

ATHEA® manufactures a broad selection of sanitizers and disinfectants for hands and surfaces, including quat, phenolic, alcohol-free, and alcohol-based. Products are available in aerosol, liquid and wet wipe formats. And because using a disinfectant or sanitizer correctly is as important as choosing correctly, you can trust ATHEA® for technical support.

PRIVATE LABEL

With the ever-growing trend toward private label brands in both the consumer and commercial markets, ATHEA® is well-positioned to deliver on our customer's needs. Today, over 90% of products ATHEA® ships are private labeled. A complete turn-key approach of chemical formulation and production, wipe converting and manufacturing, low minimums, the highest-quality artwork, nearly unlimited packaging options, fast turnaround, and strict confidentiality make ATHEA® the market leader in this category. Products not private labeled ship under the Total Solutions® brand. For those customers entering a new product category unsure of potential volume, or not wishing to register certain products when required by the EPA or FDA, the Total Solutions® brand is an ideal solution.

HARD SURFACES

§ #166 CONQUER TBD

RTU BROAD-SPECTRUM DISINFECTANT-CLEANER
