

The Perfect Green Stripping Solution Eco-Maroon™

When is Maroon... Green?

When it handles stripping and scrubbing jobs without chemicals.

This one-quarter inch pad is designed for flexibility so the pad makes more contact with the surface. The fiber, aluminum oxide abrasive and flex-webbing work together with water to produce stripping and scrubbing results without chemicals.

Eco-Maroon saves money, labor, and time while it saves the environment.

NO CHEMICALS
NEEDED

WATER ONLY

BEST FOR:

Stripping and Scrubbing with water on any level flooring where you don't want to use chemicals. VTC, Terrazzo, Marble, Ceramic tile, Gym floors
