

TWO **PAK** Double Dispensers

Designed with productivity in mind, low profile Two-Paks feature a large 12"x17" sheet size with controlled, high capacity dispensing to get the most out of every box.

Two-Paks require fewer change outs than traditional packaging, and our unique dispenser design lets you pull through one wipe at a time while preventing sheets from falling back into the box.

Compact in size with a footprint of 10"x13" (0.61 case cube), the Two-Pak is perfect for a variety of workspaces – fitting conveniently on a shelf, workbench, cleaning cart or a vehicle.
