Jay Price: jprice@scotwoodindustries.com Fax to: 913-851-3377

****When ordering direct PO pricing must be correct & all ship to information included to avoid delays****

EARLY BUY ORDERING SUGGESTIONS:

For orders shipped by **October 26, 2018**

- Order **special packaging** in the early season, availability after the early season is not guaranteed. Combine with 50# packaging to achieve those ½ truck or full truckload quantities.
Special Packaging: Jugs • 10# Bag • 20# Bag • 50# Box • 50# Pail
- **Do Not Wait Until The Last Minute:** The trucking industry is struggling with driver shortage and increased regulations, so even if there is product getting a truck can extend lead-time.

ORDERING SUGGESTIONS:

For orders shipped **AFTER October 26, 2018**

- **50# Bags are best to order** (this size is run most often)
- **Keep SKU's to a minimum** (preferential to not order more than 2 per PO, 1 is best)
- **Special Packaging** items should be ordered BEFORE October 28, 2016, adding these sku's to orders during the season will most likely cause delay. **Jugs • 10# Bag • 20# Bag • 50# Box • 50# Pail**
- **Best to order ½ or full truckload for delivery (easier to set up with a carrier)**
½ truck quantity 50# Bags = 9 pallets ~ Full truck quantity 50# Bags = 17 pallets
