

OmniRing

Description

The OmniRing Toilet Bowl Cleaner and Deodorizer provides the most effective cleaning for any toilet.

- Easy installation requires no tools: simply bend and place
- Fits nearly every toilet: tank or tankless, round or oblong shaped
- Cleans in even hard to reach, under-the-rim spots for 30-60 days*
- Surfactant-based cleaner prevents mineral deposits and removes stains, including hard water stains and fecal matter build-up
- Helps to eliminate one of the major sources of restroom odors and deodorizes with a light, clean scent

*Depending on usage

Environmental Profile

The earth-conscious OmniRing, made from recyclable plastic, contains a mild cleaner that is safe for all septic systems and plumbing materials. The OmniRing is also people-friendly because it does not contain bleach, paradichlorobenzene, or other potentially harmful or dangerous chemicals.

Markets

The OmniRing's flexible design makes it the perfect solution for both common tank toilets and the tankless toilets often found in commercial settings.
