

# The Twist

A New Generation of Passive Air Freshener

1

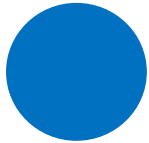

## *The Industry-leading, Battery-free Solution*

F-MATIC stands apart in the industry as the leader in innovation. The Twist is the result of our commitment to forward-thinking design. It is an engineering feat featuring a liquid and wick fragrance system that provides sustained freshness for much longer than competing products. Both elegant and efficient, the Twist requires no batteries or fuel cells to infuse spaces up to 6,000 cubic feet with F-MATIC's famous fragrances.

# The Twist

A New Fresh Scent Cartridge

## Spill-proof

Start to finish, our patent-pending twist & click activation is a breeze.

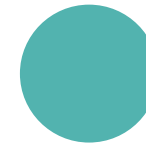

## Eco-friendly

From the recyclable cartridge to the battery-free functionality, the Twist is the conscious choice for your air-care.

## Neutralizes Odor

Our superior molecular odor-counteractant eliminates odors in up to 6,000 cubic feet.

## Variety

Available in our 11 signature scents or we can make a custom fragrance just for you!

## Flexibility

The Twist fits nicely in the F-MATIC Mini Dispenser or a number of competitors' dispensers for an easy transition to our premium fragrances

## Premium Fragrance

We source our fragrances from the UK, meaning they adhere to stringent EU environmental guidelines, are REACH-compliant and ready to be placed worldwide.

# The Mini Passive Dispenser

Have it Your Way

## *Private Labeling & Custom Color*

---

Keep your brand on customer's minds! We are happy to print your company's logo on the front clip of the Mini Dispenser. The minimal design lets your logo take center stage.

The Mini Passive Air Dispenser is stocked in black and white, but anything is possible with your imagination and our color-match system.

Ask us how we can customize the Mini just for you!
